Eleventh NSA Sustainability Period Report *of the Independent Monitor for the Oakland Police Department*

Introduction

This is the eleventh report of the Monitoring Team issued during the Negotiated Settlement Agreement (NSA) sustainability period in the case of *Delphine Allen, et al., vs. City of Oakland, et al.*, in the United States District Court for the Northern District of California under the direction of Judge William H. Orrick.

The City and the Oakland Police Department (OPD) have been in the sustainability period since May 2022. While the sustainability period was initially slated to last for one year, the Court has extended it. In a September 2024 Order, the Court noted, “The failure of leadership demonstrated by the defendants requires immediate correction.” Among other directives, the Court ordered the Department to “restructure the organizational chart” so that the Internal Affairs Bureau (IAB) is headed by a Deputy Chief who reports directly to the Chief of Police; and that Department and City leaders, along with a representative of the Monitoring Team, meet every two weeks to discuss significant developments related to IAB investigations and timeliness.

As with our site visits before the sustainability period, we report to the Court on a quarterly basis; we conduct quarterly site visits; our site visits include both compliance assessments and technical assistance. We also meet with Department and City officials to receive updates on OPD’s compliance with the NSA Tasks; observe the Department’s Risk Management Meetings; review and discuss the status of several Departmental policies; and share our observations of misconduct investigations and, as circumstances may dictate, use of force reports.

This report covers NSA Tasks 2, 5, and 45.

Task Assessments

Task 2: Timeliness Standards and Compliance with IAD Investigations

Requirements:

Fairness to complainants, members/employees and the public requires that internal investigations be completed in a timely fashion.

1. *On or before December 1, 2003, OPD shall develop policies regarding timeliness standards for the completion of Internal Affairs investigations, administrative findings and recommended discipline.*
2. *Compliance with these timeliness standards shall be regularly monitored by IAD command and the Department's command staff. If IAD experiences an unusual proliferation of cases and/or workload, IAD staffing shall be increased to maintain timeliness standards.*

(Negotiated Settlement Agreement III. B.)

Relevant Policy:

OPD most recently revised Departmental General Order M-03, *Complaints Against Department Personnel and Procedures*, on December 22, 2017.

Commentary:

Task 2.1 requires that internal investigations (IAD and Division Level) – including review, approval, findings, and discipline – be completed in accordance with the timeliness standards developed by OPD. To assess this subtask, we requested a list of all internal investigations resulting in formal findings (unfounded, sustained, exonerated, or not sustained) that were approved in January, February, and March 2025. Using the list, we segregated the cases into Class I or Class II categories. If a case involved at least one alleged Class I violation, we classified it as Class I.

At least 85% of Class I misconduct investigations and at least 85% of Class II misconduct investigations must be completed within 180 days to be considered timely. Per DGO M-03, Class I offenses “are the most serious allegations of misconduct and, if sustained, shall result in disciplinary action up to and including dismissal and may serve as the basis for criminal prosecution.” Class II offenses include “all minor misconduct offenses.”

For the purposes of this assessment, we calculated the number of days between the complaint receipt date and the approval date. The complaint date is the date on which the Department first becomes aware of a complaint – whether it is lodged by a community member or internally generated. We removed from the denominator cases that were delayed due to tolling (held in abeyance in accordance with one of the provisions of Government Code Section 3304) or cases in which the Department asserted that its failure to meet the 180-day timeliness requirement resulted from delays in the Community Police Review Agency (CPRA) completing its concurrent investigations.

Of the 54 applicable Class I cases we reviewed for this assessment, 35, or 65%, were in compliance with established timelines. During our last review of Task 2, we found 84% of Class I cases in compliance with established timelines.

Of the 146 applicable Class II cases we reviewed for this assessment, 127, or 87%, were in compliance with established timelines. During our last review of Task 2, we found 91% of Class II cases in compliance with established timelines.

Per DGO M-03, “In cases with a sustained finding, the discipline recommendation process shall be completed within 30 calendar days of the sustained finding.” We reviewed all 41 cases including a total of 86 sustained findings that were approved in January, February, and March 2025; five cases involved multiple sustained findings. We found 40 (98%) of the 41 cases in compliance with established discipline timelines.

OPD is not in compliance with Task 2.1.

Task 2.2 requires that IAD and OPD command staff regularly monitor compliance with these timeliness standards. The primary responsibility for monitoring compliance with timeliness standards rests with IAD, whether investigations are conducted by IAD personnel or via Division-level investigation. As part of this monitoring, the IAD Commander discusses pending deadlines for key open investigations during IAD’s weekly meetings with the Chief; the deadlines are also reflected in written agendas for these meetings. A Monitoring Team representative regularly attends these meetings. IAD also occasionally, as needed, emails individual reminders on cases approaching due dates to investigators and their supervisors. The Department is in compliance with Task 2.2.

Task 2.3 requires that if IAD experiences an unusual proliferation of cases and/or workload, IAD staffing be increased to maintain timeliness standards. We routinely request and receive updates on IAD staffing levels during and between our site visits.

Task 5: Complaint Procedures for IAD

Requirements:

1. *On or before December 1, 2003, OPD shall develop a policy so that, OPD personnel who become aware that a citizen wishes to file a complaint shall bring such citizen immediately, or as soon as circumstances permit, to a supervisor or IAD or summon a supervisor to the scene. If there is a delay of greater than three (3) hours, the reason for such delay shall be documented by the person receiving the complaint. In the event that such a complainant refuses to travel to a supervisor or to wait for one, the member/employee involved shall make all reasonable attempts to obtain identification, including address and phone number, as well as a description of the allegedly wrongful conduct and offending personnel, from the complainant and any witnesses. This information, as well as a description of the complaint, shall immediately, or as soon as circumstances permit, be documented on a Complaint Form and submitted to the immediate supervisor or, in his/her absence, the appropriate Area Commander, and shall be treated as a complaint. The supervisor or appropriate Area Commander notified of the complaint shall ensure the Communications Division is notified and forward any pertinent documents to the IAD.*
2. *An on-duty supervisor shall respond to take a complaint received from a jail inmate taken into custody by OPD, who wishes to make a complaint of Class I misconduct contemporaneous with the arrest. The supervisor shall ensure the Communications Division is notified and forward any pertinent documents to the IAD. All other misconduct complaints by a jail inmate shall be handled in the same manner as other civilian complaints.*
3. *In each complaint investigation, OPD shall consider all relevant evidence, including circumstantial, direct and physical evidence, and make credibility determinations, if feasible. OPD shall make efforts to resolve, by reference to physical evidence, and/or use of follow-up interviews and other objective indicators, inconsistent statements among witnesses.*
4. *OPD shall develop provisions for the permanent retention of all notes, generated and/or received by OPD personnel in the case file.*
5. *OPD shall resolve each allegation in a complaint investigation using the “preponderance of the evidence” standard. Each allegation shall be resolved by making one of the following dispositions: Unfounded, Sustained, Exonerated, Not Sustained, or Administrative Closure. The Department shall use the following criteria for determining the appropriate disposition:*
 - a. *Unfounded: The investigation disclosed sufficient evidence to determine that the alleged conduct did not occur. This finding shall also apply when individuals named in the complaint were not involved in the alleged act.*
 - b. *Sustained: The investigation disclosed sufficient evidence to determine that the alleged conduct did occur and was in violation of law and/or*

Oakland Police Department rules, regulations, or policies.

- c. *Exonerated: The investigation disclosed sufficient evidence to determine that the alleged conduct did occur, but was in accord with law and with all Oakland Police Department rules, regulations, or policies.*
 - d. *Not Sustained: The investigation did not disclose sufficient evidence to determine whether or not the alleged conduct occurred.*
 - e. *Administrative Closure: The investigation indicates a service complaint, not involving an MOR violation, was resolved without conducting an internal investigation; OR*
 - f. *To conclude an internal investigation when it has been determined that the investigation cannot proceed to a normal investigative conclusion due to circumstances to include but not limited to the following:*
 - 1) *Complainant wishes to withdraw the complaint and the IAD Commander has determined there is no further reason to continue the investigation and to ensure Departmental policy and procedure has been followed;*
 - 2) *Complaint lacks specificity and complainant refuses or is unable to provide further clarification necessary to investigate the complaint;*
 - 3) *Subject not employed by OPD at the time of the incident; or*
 - 4) *If the subject is no longer employed by OPD, the IAD Commander shall determine whether an internal investigation shall be conducted.*
 - 5) *Complainant fails to articulate an act or failure to act, that, if true, would be an MOR violation; or*
 - 6) *Complaints limited to California Vehicle Code citations and resulting tows, where there is no allegation of misconduct, shall be referred to the appropriate competent authorities (i.e., Traffic Court and Tow Hearing Officer).*
 - g. *Administrative Closures shall be approved by the IAD Commander and entered in the IAD Complaint Database.*
6. *The disposition category of "Filed" is hereby redefined and shall be included under Administrative Dispositions as follows:*
- a. *An investigation that cannot be presently completed. A filed investigation is not a final disposition, but an indication that a case is pending further developments that will allow completion of the investigation.*

November 17, 2025
Page 6 of 11

- b. *The IAD Commander shall review all filed cases quarterly to determine whether the conditions that prevented investigation and final disposition have changed and may direct the closure or continuation of the investigation.*
7. *Any member or employee who is a subject of an internal investigation, as well as any other member or employee on the scene of an incident at which misconduct has been alleged by a complainant, shall be interviewed and a recorded statement taken. However, investigators, with the approval of an IAD Commander, are not required to interview and/or take a recorded statement from a member or employee who is the subject of a complaint or was on the scene of the incident when additional information, beyond that already provided by the existing set of facts and/or documentation, is not necessary to reach appropriate findings and conclusions.*

(Negotiated Settlement Agreement III. E.)

Relevant Policy:

There are six Departmental policies that incorporate the requirements of Task 5: Department General Order M-03, *Complaints Against Department Personnel and Procedures* (revised most recently on December 22, 2017); Communications Division Policy & Procedures C-02, *Receiving and Logging Complaints Against Personnel and Use of Force Incidents* (revised most recently on December 7, 2009); Training Bulletin V-T.1, *Internal Investigation Procedure Manual* (revised most recently on November 30, 2023); Special Order 8270, *Booking of Prisoners at the Glenn E. Dyer Detention Facility* (published June 24, 2005); Special Order 8565, *Complaints Against Department Personnel* (published May 11, 2007); and IAD Policy & Procedures Manual 21-01, *IAD General Operating Procedures* (published August 17, 2021). In addition, NSA stipulations issued on December 12, 2005 and March 13, 2007 incorporate the requirements of this Task.

Commentary:

Task 5 consists of several subtasks, briefly described below. Based on OPD's compliance history with many of the subtasks, not all are being actively monitored at this time.

Task 5.1 requires that when a citizen wishes to file a complaint, the citizen is brought to a supervisor or IAD, or a supervisor is summoned to the scene. **Task 5.2** requires that if there is a delay of greater than three hours in supervisory response, the reason for the delay must be documented. **Task 5.3** requires that where a complainant refuses to travel to a supervisor, or wait for one, personnel make all reasonable attempts to obtain specific information to assist in investigating the complaint. **Task 5.4** requires that specific information be documented on a complaint form and submitted to the immediate supervisor or, in his/her absence, the appropriate Area Commander. **Task 5.5** requires that the supervisor or Area Commander notify Communications and forward any pertinent documents to IAD.

To assess compliance with Tasks 5.1 through 5.5, we reviewed the Daily Incident Logs (DILs) prepared by the Communications Division and forwarded to IAD each business day. The DIL form has been modified several times during our tenure to elicit “forced responses” that gather all of the information required to evaluate compliance with these Tasks. These modifications have significantly enhanced OPD’s ability to document compliance by properly filling out and distributing the logs, and compliance rates with these subtasks have been near 100% for several years. Consequently, we no longer actively assess OPD’s compliance with these subtasks, but we continue to receive both the DILs and Daily Complaint Referral Logs (used to document when Information Business Cards [IBCs] are provided to citizens in lieu of a complaint forms). We spot-check these forms regularly to verify that the quality of their completion has not diminished. OPD remains in compliance with Tasks 5.1 through and including Task 5.5.

Task 5.6 requires that an on-duty supervisor respond to take a complaint received from a jail inmate taken into custody by OPD, who wishes to make a complaint of Class I misconduct contemporaneous with the arrest of the inmate. We have not actively monitored this subtask since December 2014, though we have reviewed cases applicable to this requirement in several reports since that time.

Task 5.12 requires that the Watch Commander ensure that any complaints that are applicable to Task 5.6 are delivered to and logged with IAD. Under current policy, the Communications Division must record on the DILs complaints that are received and/or handled by on-duty supervisors, and the DILs are forwarded daily to IAD.

OPD remains in compliance with Tasks 5.6 and 5.12.

Task 5.15 through **Task 5.19**, and **Task 5.21**, collectively address the quality of completed IAD investigations, and therefore remain the subject of our focused Task assessments. To assess compliance with these Tasks, we reviewed a sample of 12 IAD cases that were closed between April 1-June 30, 2025

Our sample of cases consisted of investigations completed by investigators assigned to IAD, and Division-level investigations (DLIs). It also included cases that were resolved via summary finding. (Summary findings are investigations in which the Department believes a proper conclusion can be determined based on a review of existing documentation with limited or no additional interviews and follow-up.)

Together, **Tasks 5.15** and **Task 5.16** require that OPD: gathers all relevant evidence; conducts follow-up interviews where warranted; adequately considers the evidence gathered; makes credibility assessments where feasible; and resolves inconsistent statements.

In all of the cases we reviewed, we believe that OPD gathered all relevant evidence available. As we have often found, in many of the cases video and/or audio recordings proved to be a significant factor in allowing OPD to reach an appropriate conclusion.

Investigators conducted follow-up interviews in three of the cases we reviewed. We concur that follow-up interviews were not necessary in the remaining nine cases.

Eleventh NSA Sustainability Period Report of the Independent Monitor for the Oakland Police Department
November 17, 2025
Page 8 of 11

OPD made credibility assessments for all involved parties in 10 of the 12 cases. In two of the cases approved for summary finding, credibility assessments were not conducted. Per policy, investigators are not required to assess the credibility of the involved officers and civilian employees in these instances. In two cases, the complainants were deemed not credible; and documentation and review of body-worn camera (BWC) footage supported the not credible finding. In all of the cases we reviewed, the subject officers were deemed to be credible.

In 11 of the 12 cases we reviewed, if there were inconsistent statements, OPD resolved them. In all but three of the 11, BWC recordings or other recordings were available and assisted in the determination. One case resulted in findings of not sustained. Not sustained is an acceptable finding; and by definition, it implies that inconsistencies were not resolved despite investigative efforts.

Task 5.17 requires that OPD permanently retain all notes generated and/or received by OPD personnel in the case file. OPD personnel document the presence of investigative notes within a particular file by completing an Investigative Notes Declaration Form. OPD has a sustained history of 100% compliance with this subtask.

Task 5.18 requires that OPD resolve each allegation in a complaint investigation using the preponderance of the evidence standard. **Task 5.19** requires that each allegation of a complaint is identified and resolved with one of the following dispositions: unfounded; sustained; exonerated; not sustained; or administrative closure. Our sample of 12 cases contained 32 allegations that received dispositions as follows: 19 exonerated; one not sustained; two unfounded; and 10 sustained. We did not disagree with any of the findings in the cases we reviewed.

Task 5.20 requires that the IAD Commander review all “filed” cases quarterly to determine whether the conditions that prevented investigation and final disposition have changed. A filed case is defined as an investigation that cannot be presently completed and is pending further developments that will allow completion of the investigation; filed is not a final disposition. Traditionally, as part of our review of this Task, we also reviewed cases that are tolling. OPD defines a tolled case as an administrative investigation that has been held in abeyance in accordance with one of the provisions of Government Code Section 3304. While we are no longer actively assessing this subtask, we note that filed and tolling cases are reviewed with the Chief or his designee during the weekly IAD meetings and are listed by case number on the printed meeting agendas. We receive and review these agendas regularly, and a Monitoring Team member regularly attends these meetings.

Task 5.21 requires that any member or employee who is a subject of an internal investigation, as well as any other member or employee on the scene of an incident at which misconduct has been alleged by a complainant, shall be interviewed and a recorded statement taken. However, with the approval of the IAD Commander or his designee, investigators are not required to interview and/or take a recorded statement in all cases. For example, interviews are not needed from a member or employee who is the subject of a complaint, or who was on the scene of the incident when additional information – beyond that already provided by the existing set of facts and/or documentation – is not necessary to reach appropriate findings and conclusions. Five of the 12 cases we reviewed were resolved via summary finding, and each case was appropriately approved for such closure.

There remains in the Internal Affairs Bureau a number of issues, concerns, and developments which are not yet appropriate for public discussion. It is our hope that the City will expeditiously address these matters so that our confidence – and by extension, the community’s confidence – in the internal affairs process can be restored.

Task 45: Consistency of Discipline Policy

Requirements:

On or before October 6, 2003, OPD shall revise and update its disciplinary policy to ensure that discipline is imposed in a fair and consistent manner.

- 1. The policy shall describe the circumstances in which disciplinary action is appropriate and those in which Division-level corrective action is appropriate.*
- 2. The policy shall establish a centralized system for documenting and tracking all forms of discipline and corrective action, whether imposed centrally or at the Division level.*
- 3. All internal investigations which result in a sustained finding shall be submitted to the Discipline Officer for a disciplinary recommendation. The Discipline Officer shall convene a meeting with the Deputy Chief or designee in the affected chain-of-command for a confidential discussion of the misconduct, including the mitigating and aggravating factors and the member/employee’s overall performance.*
- 4. The COP may direct the Discipline Officer to prepare a Discipline Recommendation without convening a Discipline Conference.*

(Negotiated Settlement Agreement X. B.)

Relevant Policy:

Five Departmental policies incorporate the requirements of Task 45: Departmental General Order M-03, *Complaints Against Department Personnel and Procedures* (revised most recently on December 22, 2017); Training Bulletin V-T.1 and V-T.2, *Internal Investigation Procedure Manual* (revised most recently on November 30, 2023); IAD Policy & Procedures Manual 21-01, *IAD General Operating Procedures* (published August 17, 2021); and Training Bulletin V-T, *Departmental Discipline Policy* (revised most recently on December 11, 2017).

Commentary:

OPD continues to take steps to achieve compliance with this Task and ensure that “discipline is imposed in a fair and consistent manner.” During our September site visit, the Department presented the findings from its 2024 Internal Affairs Outcomes and Discipline Study. The 2024 study mostly replicated the same study that OPD conducted in 2023. From 2023 to 2024, there was an 8% decrease in cases involving sworn members; and the number of cases involving sworn members that were sustained fell by 50% – from 129 to 64. There were also some significant findings related to race. For example, the study found that, in 2024, white sworn members were sustained at a significantly lower rate than Black and Hispanic members. However, these figures have fluctuated over the last few years.

The Department recently issued an official response to the study’s findings. We will discuss this study and the Department’s response during our upcoming site visit.

Our previously stated findings relevant to Tasks 2 and 5 inform our thinking regarding the Department’s standing with Task 45. While we continue to appreciate the studies and best efforts of the Department and its leadership to address Task 45 matters, there are other issues founded in the requirements of other Tasks that have both direct and indirect impact on the Department’s compliance with Task 45.

Conclusion

As an appendage to the conclusion of our last quarterly status report, we note the following: There has been an unacceptable backslide as it pertains to Task 2 compliance. The timeliness requirements for the completion of investigations are intended to ensure that members of the community who file complaints, or OPD personnel who are the subjects of complaints, can get redress in a six-month period of time. Task 2 has a lower compliance threshold than do the other Tasks, so it is disappointing to note this backslide.

As it pertains to Task 5, we have serious concerns regarding the operations of the Department's Internal Affairs Bureau. It is not our intent to single out any of its leadership, or its hardworking investigators. But that said, there are matters of serious concern that remain unresolved; and until such time as these issues are addressed and remediated, the Department will remain out of compliance with Task 5.

Task 45 is one that transcends many Tasks, but for purposes of this report, we will cite Tasks 2 and 5. The Department's internal investigatory processes, while perhaps being efficient in most respects, still lead to serious concerns which manifest themselves in the requirements of Task 45.

The City's new Mayor, Barbara Lee, has been in office for fewer than six months. The noncompliant Tasks are a result of personnel and systemic failures not of her making. Mayor Lee has immersed herself into NSA matters and has been striving to ensure that the Department is staffed with the best qualified leaders that are available. We commend the Mayor and her able staff for their insightful understanding of the many challenges the Department is facing. We are confident that, under Mayor Lee's leadership, the Department will fulfill and surpass its obligations to the communities it serves; and we will continue to work with the Mayor to that end.
